

While You Wait ...

PA RARE DISEASE SURVEY POSTER SHARING CAMPAIGN

The Pennsylvania Rare Disease Advisory Council (PARDAC) is currently conducting a survey that will help the Council members, healthcare providers, and all other stakeholders who support Pennsylvanians living with rare diseases to better understand the needs of the rare disease community in our Commonwealth.

Our survey is confidential and only takes 10 minutes to complete. Our goal is to get it in front of as many eligible survey takers as possible with representation from across Pennsylvania. Will you help us by sharing our "While You Wait" flyers with your patients?

Here are some simple ways you can share the "While You Wait" flyer.

- Include the flyer with any information provided at appointment check-ins
- Post it at your check-in window and in visible locations in your waiting room
- Post it in examination rooms
- Post it in your laboratories, infusion centers, and any other diagnostic or treatment areas where people may experience a wait time
- Post it in all common areas of your facility, such as lobbies and cafeterias

Questions: If you have any questions about the "While You Wait" campaign, please contact us at survey@pardac.org

Thank you for your partnership and for supporting the Council's efforts to improve the quality of life for all those affected by rare diseases in Pennsylvania.

About The Pennsylvania Rare Disease Advisory Council (PARDAC):

The PA Rare Disease Advisory Council (PARDAC) was created in 2017 through legislation to improve the lives of individuals living with rare diseases and their families throughout Pennsylvania. It is comprised of rare disease patients, caregivers, doctors, nurses, researchers, insurers and representatives from government agencies. The Council aims to be a national leader in transforming the lives of those affected by rare diseases through collaboration, support, education and advocacy.
